Sub: Request for permission for guest faculty for B.Tech. (Biotech.) course program, reg...

Sir

Greetings from ICAR-IIAB, Ranchi!

Our institute is an academic cum research institute dedicated to the progress of agriculture through biotechnological interventions. It is a constituent institute under the Indian Council of Agricultural Research (ICAR), Department of Agricultural Research & Education (DARE), Ministry of Agriculture & Farmers Welfare, Govt. of India. We are located at Garhkhata, Ranchi. Our institute is the nodal institute to implement the new initiative of ICAR, i.e. IARI Mega University as Multidisciplinary Higher Education & Research University (MERU) under New Education Policy 2020. Our institute is working with the mandate of (i) Basic and strategic research in agricultural biotechnology and (ii) Development of quality human resources for academic excellence in agricultural biotechnology and policy support. In addition to research in frontier areas of agricultural biotechnology at an interface of plant-animal-fish-and-microbes for the holistic development of agricultural biotechnology and outreach programs, the institute currently offers B. Tech. (Biotech.) and M.Sc. (Agri.)/Ph.D. in different disciplines of agriculture.

I would like to draw your attention that for B.Tech. (Biotech) Semester IV we offer a course titled "Electronics and Instrumentation in Biotechnology" which is structured as a 2 (1+1) credit course. This course is scheduled to run from May 2024 to September 2024. We do not have an adequate number of faculty members to cover the entire syllabus within the stipulated period of the semester. Therefore, we sought out guest faculty for the course. We have come to know that three faculty members of your institute, viz., Dr. Manojit De, Dr. Goutam Kumar and Dr. Deepak Kumar, possess necessary expertise and a comprehensive understanding of the subject, and are capable to teach our students.

I request your approval to invite Dr. Manojit De, Dr. Goutam Kumar, and Dr. Deepak Kumar to join us as guest faculty for this semester. I feel that their participation would greatly enhance the quality of instruction and ensure that our students receive comprehensive learning experiences. Following the guidelines set by the Indian Council of Agricultural Research (ICAR), an honorarium of INR 1,500,00/- shall be disbursed to the guest faculty for each talk delivered. The maximum amount permissible for such remuneration is INR 50,000/- per annum. We will meet their travel expenses, and arrange their stay in the hostel and food in mess free of charge as we do not have guest house at the moment.
